

Eagles Conclude Three Days' Session
Chas. L. Deady Heads State Aerie

CONVENTION WILL BE BROUGHT TO
CLOSE THIS EVENING WITH GRAND
BALL AT MINERS' EXCHANGE HALL

With a grand ball at the Miners Exchange hall tonight, the second annual convention of the Eagles state aerie will be brought to a close. The business end of the session was brought to a close early this afternoon after which the delegates adjourned to the Mizpah Grill to a banquet. The banquet remained in session for practically two hours during which time numerous brief addresses were delivered by the newly elected officials of the state organization.

Late yesterday afternoon the election of officers was brought up as a special order of business and Chas. L. Deady was selected as worthy grand president. This action was taken when it was announced that Deady would be forced to depart for Carson this morning. During the past year he has occupied the office of vice president.

This morning the remaining elections were held and the following is the complete roster of officials:

Junior past president, D. W. McKenzie, Yerington.

Worthy state president, Chas. L. Deady, Carson.

Worthy state vice president, J. Emmet Walsh, Goldfield.

Worthy chaplain, L. M. Richards, Manhattan.

Worthy secretary, Chas. L. Richards, Tonopah.

Worthy treasurer, W. B. Evans, Tonopah.

Worthy conductor, Peter Kinney, Reno.

Worthy inner guard, N. Nelson, Manhattan.

Worthy outer guard, J. G. Thompson, Goldfield.

Worthy trustees—Tom Cleary, Round Mountain; Henry M. Lillis, Las Vegas; Frank G. Folsom, Reno, is a holdover trustee.

The aerie selected Reno as the convention city for next year. The choice was unanimous.

Last night the delegates were entertained at a smoker at the Miners Exchange hall, at which the exemplification of the ritual was given by the officers of Goldfield aerie while the southern drill team performed the work. Later several boxing matches were staged and songs were rendered. Impromptu speeches were made by various delegates.

This afternoon it is the intention to show the delegates about the district, providing the banquet is not prolonged. It is also the intention of the Tonopah aerie drill team to give a exhibition drill on the Main street, but this portion of the program may be postponed until this evening owing to the high wind.

CHARGE MOTHER REPORTS MADE
PLACING GIRL
IN DANCE
HALL

TWO WHITE SLAVERY WARRANTS
ARE SERVED TODAY BY
CHIEF OF POLICE OFFICE.

Charged with white slavery, R. Perveaux of Bishop, Calif., was arrested this morning by Deputy Constable J. C. Peck as he was aboard the south bound train, preparing to depart for Goldfield. Mrs. Perveaux, his wife, and Leone Lopas Perveaux, daughter of the woman by a former marriage, were likewise detained as accessories. A fourth arrest was made during the morning when Peck apprehended C. H. Rodenkirch, also of Bishop, against whom a similar charge was placed.

Leone Lopas, or Leone Lopas Perveaux as she terms herself, is alleged to be the victim of the white slave plot, for it is charged that she was induced to enter the Northern dance hall. The girl declares she is eighteen years of age and her statement is likewise borne out by the mother.

Perveaux came to Tonopah about a month ago, while his wife and her daughter arrived but a few days ago. Three nights ago the mother and daughter started to work at the Northern and were employed there for two nights. Last evening neither showed up and this morning they prepared to take their departure when placed under arrest.

The mother declared that the daughter had entered the dance hall against her wishes and without her consent. This statement is declared false by Chief of Police Evans who, with Peck, have been working on the case for the past week. Mrs. Perveaux announced that she was without funds and in order to secure money had entered the dance hall.

When informed that she might receive a state prison sentence for inducing her daughter to enter the dance hall, and that her husband would also be tried for the same charges the mother announced that she would do everything within her power to protect Perveaux. The daughter's fate did not appear to cause her any great amount of concern.

BULL MOOSER ANNOUNCES HE
NEVER MET WITH THE FES-
TIVE COCTAIL.

(By Associated Press.)
MARQUETTE, Mich., May 27.—Theodore Roosevelt, testifying in his suit for \$10,000 against George A. Newett, publisher of the Iron Age, defending himself against the charge of drunkenness today, said he was a man of complete sobriety, although not a total abstainer. He never drank a highball or cocktail in his life; does not smoke, drink beer or red wine. Never drank whiskey or brandy, except when the doctor prescribed or after exposure when chilled through. He only took wines, white, maderia or champagne occasionally. He might average a glass of champagne a month. Roosevelt also said he disliked the taste of brandy and whiskey.

Roosevelt said he had a fine bed of mint at the white house and that he might have drunk a half dozen juleps there in one year. He said in fourteen years he did not believe he had drunk whiskey straight or with water more than half a dozen times. On his African trip he drank seven ounces of brandy prescribed for fever but never touched whiskey or champagne taken on the African expedition. Occasionally on campaign trips he took for the benefit of his throat a little brandy in a glass of milk at the doctor's order. He said the testimony covered virtually all of his drinking in fifteen years.

Roosevelt was cross examined for twenty minutes and reiterated his assertions as to his habits and use of intoxicants. He said he assumed the entire responsibility of the suit and that no organization in Michigan had anything to do with defraying expenses.

Jacob Reis, the writer, was the first important witness for Roosevelt and said they had been warm friends for fifteen years and he had never seen him under the influence of liquor. "The statement that he is a free user of liquor is a lie. I have seen him under the greatest stress and never saw him resort to liquor."

UTAH MINER
SUGGUMBS ATTACK
OF PNEUMONIA

ERNEST FRITSCH, EMPLOYE AT
EXTENSION, PASSES AWAY
LATE YESTERDAY.

Ernest Fritsch, a miner, employed at the Extension, died at the Miners hospital yesterday afternoon after an illness of a week. Death was due to pneumonia. Fritsch came to Tonopah from Utah and from what can be learned he has no relatives in this country. He was past chancellor commander of a Utah Knights of Pythias lodge and also past noble grand of a subordinate Odd Fellows lodge in Utah. He was a member in a standing of both organizations at the time of his death, and was also a member of the Tonopah Miners union.

The Utah lodges have been communicated with and pending an answer no arrangements will be made for the interment. It is probable the funeral will be held in this city under the auspices of one of the orders to which he belonged.

HOOSIER STATE AUTO TOUR NOW
INCLUDES VISITS TO TONOPAH
GOLDFIELD AND THROUGH INYO

Tonopah is again included in the itinerary of the Indianapolis autoists, who will cross the continent in July, according to advices received at Goldfield from W. G. Scott of the Inyo Good Road club. It was recently announced that the tourists would leave the Midland trail at Ely and continue on to Reno by way of Eureka and Austin. The new route calls for the journey through Tonopah, Goldfield and Bishop, thence to Reno.

The following from the Goldfield Tribune explains the present status of the affair:

"The Hoosier auto manufacturers' tour came very near to side tracking Tonopah, Goldfield, Bishop and Bridgeport, but the situation was saved by the activity of W. G. Scott, president of the Inyo Good Road club and by the friendship of A. L. Westgard, official pathfinder of the American Automobile association.

Governor Oddie, as the guest of C. J. Patrick, president of the Nevada State Automobile association, has been invited to act as official pilot of the tour and on arrival of the visitors at Goldfield, there will be a banquet for them and they will be shown the camp and its great mines.

The story of how it happened is all told in a dispatch received by President C. E. Redman of the Goldfield Automobile association, who, on receipt of a telegram from Col. Scott last Saturday telling him that plans had not been changed and Goldfield was on the tour, asked him particulars. In reply Col. Scott sent the following night telegram:

"My authority is a wire from A. L. Westgard, who has just reached New York from Indianapolis. A sudden change of management in Indiana broke my program. Reno got to work and swung round its way, which would have cut out Goldfield, Tonopah and Bishop. I quickly wired him to New York, threatening to withdraw Inyo Good Road club and sever all my personal influence on behalf of California.

Westgard fought for us and won by securing a reversal of decision. We are indebted to him. He will accompany the tour.

As a compromise the tour will probably swing east to Reno after passing Bridgeport, then back to Tahoe. Westgard says Goldfield, Tonopah and Bishop are adopted definitely. I consider the situation saved.

W. G. SCOTT."

President Patrick of the state association and President Redman of the county association have been indefatigable in keeping track of the movements of this big tour. At least thirty automobiles will bring probably 100 of the prominent manufacturers of Indiana across the country to mark the Lincoln transcontinental highway, and this means that Goldfield will be on this highway and visited by everyone who thereafter crosses the continent by the Midland trail.

Recognizing the importance of the matter, President Patrick invited Governor Oddie to act as official pilot of the touring manufacturers in the following dispatch:

"Hon. T. L. Oddie, Carson City, Nevada.—Hoosier tour routed Ely Tonopah, Goldfield, Bishop, thence to Bridgeport, Carson and Reno. As you will be official pilot through Nevada will be glad to transport you. If not convenient to come to Goldfield, can meet you in Ely, with my car at proper time. Writing.

CHAS. G. PATRICK."

At the same time Mr. Patrick sent the following dispatch of thanks to A. L. Westgard, official pathfinder of the national association:

"A. L. Westgard, 437 Fifth Ave., New York City.—Arrange for banquet for Hoosier tour in schedule at Goldfield. Governor Oddie will assist you in piloting tour across state, as he will act as my guest. We certainly appreciate your good work and offer vote of thanks.

CHAS. G. PATRICK."

Jumping board bills appears to be a popular pastime among a certain class of residents in this city, judging from the justice court docket of the past three months. An average of one case a week has been recorded and in the majority of the cases the culprits were sentenced to brief terms in the county jail.

A new case was registered in the court a few days ago when V. Guisti, of the Torino boarding house, lodged a complaint against Tony Martorelli, declaring that the defendant had defrauded him of \$130. Chief of Police Evans sent out warnings and last night received word that Martorelli had been apprehended at Las Vegas. Deputy Constable R. H. Dalzell departed this morning for Las Vegas and will return tomorrow with the prisoner.

Mike Herron, who was brought back from Hazen for having defrauded the management of the Grand Central hotel out of a \$39 board bill, was adjudged guilty of the charge late yesterday afternoon and sentenced to serve 30 days in the county jail. Herron was on his way to Butte when arrested.

Action has been taken by the state tax commission on the collection of extra licenses from saloonkeepers and liquor dealers who sell cigars and cigarettes in addition to selling liquor. The commission at a meeting held on May 15, unanimously voted to instruct the sheriffs to demand and collect a merchandise license from all liquor dealers selling cigars and to demand and collect an additional license in all cases where the liquor dealers are selling cigarettes or cigarette papers.

This will mean that every liquor dealer who sells cigars and cigarettes or cigarette papers must pay a license of \$70.25 per quarter. Where a city license is required the license will be somewhat in excess of this.

Sheriff Malley has received the following communication from F. L. Adamson, secretary of the commission relative to the action taken by the commission:

"At a meeting of the commission held on May 9, 1913, the question of liquor dealers handling cigars and tobacco being liable for the payment of a merchandise license in addition to the regular liquor license was brought up. Upon motion duly made seconded and unanimously carried, the secretary was instructed to advise all sheriffs in cases of this kind to demand and collect a merchandise license in addition to the regular liquor license, and where cigarettes and cigarette papers are handled by liquor dealers to collect additional licenses therefor, as provided by the statutes; referring in each case to the opinion of the attorney general, as shown on page 44 of his biennial report for the years 1911 and 1912."
